

Anchors Ahoy!

Easter already..!!

The first half of term saw us all trying to survive the big freeze-snuggling up for movies and treats on Saturdays after the usual round of Hockey matches for the Year 7 and 8 'Dragons' and a variety of activities for the Juniors.

The Sunday trips have tended to be, understandably, indoors with the likes of *Cinema*, *Ten Pin Bowling* and *Ice Skating* although Mr Hall's duty weekend included a trip to the *Liverpool Docks* complex with the *Maritime Museum* tour.

The first trip after half term to the *Blackpool Tower Circus* was a fantastic event but with the weather improving and the first signs of spring sunshine, we ventured out the following week to a *Wild Boar Park* near Preston for a marvellous day of fresh air - highlights included feeding the lambs, cuddles for the baby chicks, and tractor buggy rides.

The *Pleasure Beach Theme Park* trip is always a winner and the children made the most of day in their groups of varying degrees of madness ranging from the 'little' group on the Dodgems and Haunted Houses to the 'extreme group' on Infusion and 'The Big One'.

Our last outing this weekend combined a Birthday treat for Bradley's sister Charlotte and her friends together with the Anchor crew heading for another day of thrills and spills, this time in the fantastic indoor waterpark at *Sandcastle World*this week is the Easter break and may the sun keep shining!

Carry on Camping!

We are planning some real outdoor stuff for the summer term hopefully culminating in a weekend camping trip in the Lake District in the second half of the Summer Term..

No sooner had we mentioned that and the boarders broke out the tents for a trial run last Saturday! We didn't do an overnight-it's not that warm yet!!

Anchors at play and away!
