Representative honours for the School, the county of Lancashire and appearances for Blackpool at hockey are just a few of the major sporting achievements of boarding pupil, Louis.

Louis came to Rossall in year five, on a military bursary, at a time when his father was serving in the British Army in Germany and over the years has developed into one of the school's most promising young sportsmen. His skills on the hockey field have earned him recognition and a regular place in the 1st team but rugby and cricket are also sports in which the 15-year-old boarding pupil excels.

“Sport has really helped me to develop as a person. Before I came here I didn't know how to play rugby, hockey or cricket but the coaching is so good I've learned so much. What I've learnt here about all sports has given me a clear goal for the future and convinced me to pursue a sports career after study.

Being a boarding pupil has also made a real difference and helped me to develop independence and maturity, which has prepared me for later life. I've also made friends here that I'll never forget and like many of my friends I believe the friendly atmosphere here helps everyone to settle in quickly, which makes it a comfortable place to learn!”
